Course Objective

ISO 45001 is the first global occupational health and safety management system standard that replaces OHSAS 18001. The PECB Certified ISO 45001 Lead Auditor training course helps in developing the necessary skillset to perform occupational health and safety management system (OHSMS) audits by applying widely recognized audit principles, procedures, and methods.

- Develop an overall understanding of the ISO 45001 requirements and interpret them in the context of an OHSMS audit
- Understand the auditor's role in planning, leading, and following up on an OHSMS audit, in accordance with ISO 19011
- Plan an audit, lead a team of auditors, draft nonconformity reports
- Act with due professional care during an OHSMS audit
